MEMORANDUM FOR Cadet (Future American Soldier and Leader)

SUBJECT: Basic Camp Cadet Welcome Letter

- 1. As the Cadet Summer Training Commandant, I would like to welcome you to Basic Camp at Fort Knox, Kentucky. This summer will introduce you the U.S. Army profession and prepare you to meet the challenges ahead in your military career. I feel privileged to witness this critical phase of your journey as you transition towards becoming one of our Army's future leaders.
- 2. Basic Camp is the first step in your preparation and training to commission as a Second Lieutenant. It is your first opportunity to immerse yourself in the Army culture and experience. The individual and collective training tasks learned here are the foundation on which all Soldiering is built. Through information briefs, rigorous training and specific Soldier skills, the training you will receive will shape and strengthen you both mentally and physically. You have chosen a profession of great meaning and honor requiring steadfast leadership, trust, and resolve. You have an opportunity to be the future of our Army and lead our Soldiers wherever we are called to fight.
- 3. Over the next four weeks you will receive instruction on physical fitness, character, teamwork, and resiliency. You will be exposed to the Army Leadership Attributes and Competencies through deliberate training and evaluations based on core Soldier skills. The final Field Training Exercise is a culminating event designed to provide a hands-on experience of Army small unit operations.
- 4. During training you will be pushed beyond your comfort zone, and you will be deliberately challenged. It is important to remember you are not going through this alone and will be part of a team. You will also have a world class group of cadre to assist.
- 5. I know each one of you possess the skills and determination to meet these challenges and I look forward to training alongside of you this summer.

AMANDA I. AZUBUIKE Brigadier General, USA

Cadets, cadre, and support personnel that test positive for COVID will be closely monitored and personally engaged to ensure recovery. USACC will set top priority to the Cadets' mental health, physical recovery, and clear communication with the parents throughout the recovery process.

Section 2 - BC Training Strip

The Cadet Summer Training (CST) strip is divided into four phases: reception; integration; individual task development; tactical phase; and recovery & goal setting. Upon arrival to Fort Knox, Cadets will in-process and attend briefs such as Equal Opportunity (EO), Sexual Harassment/Assault Response and Prevention (SHARP), Army Values, Army history, and a component and accessions brief. Next focus is individual training such as weapon marksmanship and land navigation and prepare for collective tasks in field conditions. To culminate the field training exercise, the Cadets will complete a 10-kilometer foot march into the Garrison. During recovery & goal setting, Cadets will focus on maintenance of equipment, receive their final counseling, and graduation.

Figure 2- BC Training Day

Cadets are counseled by their chain of command at least three times on their camp performance, leadership assessments, and Basic Camp Evaluation Report (BACER). If there are discrepancies with the BACER, the Cadet must address the discrepancy with the chain of command PRIOR to leaving CST. BACERs will not be changed after a Cadet departs Basic Camp. There are many ways to address your chain of command with any concerns to include use of the open-door policy at the regimental, task force, and Commandant level.

Section 4 - Graduation Requirements and Performance Evaluation

GRADUATION REQUIRMENTS

- 1. BC Cadets may not miss more than 48 hours of training, not to include required rest cycles (7 hours per night as per TRADOC Regulation).
- 2. Cadets who fail to meet the prescribed standards will not receive completion credit for BC, unless they are given a waiver. Waivers are issued at the Task Force (TF) commander's (CDR) discretion upon recommendation by the Cadet's regimental cadre. Generally, a waiver is considered if the Cadet's performance is above average and/or the Cadet's potential for contracting is above average, and exceptional circumstances exist which interfered with the Cadet's completion of BC (e.g., a medical emergency, a family emergency, etc.).

PREFORMANCE EVALUATION

At the conclusion of BC, Cadets will receive an overall assessment of their performance on USACC Form 1059-BC (BACER). The purpose of this assessment is to inform the PMS for further professional development.

<u>Section 5 - Training Events Overview</u>

The training events outlined on the following slides provide an overview of "must attempt" events. You must understand the tasks to be trained and standards you will be expected to meet. Section 6 - Administrative Guidance

Cell Phones. Cadets will secure their personal cell phones throughout camp. However, Cadet cell phone usage times will be directed by CST cadre.

Medications. All medications must be in the original labeled container [(Over the Counter (OTC) or prescription-to include birth control pills)] along with most recent clinical note prescribing the medication. Medical cadre members may, at their discretion, examine the contents of any open bottle of medication to ensure the pills are all the same and consistent with the labeled contents.

- 1. Category III and IV controlled substances will be reviewed by medical cadre.
- 2. OTC medications for pain or allergies will remain with Cadets for ongoing use as intended and approved by the Food and Drug Administration (FDA); however, Cadets should be aware of the potential for the medication to mask symptoms of disease or injury. If the Cadet is taking the maximum daily recommended dose, the Cadet should be evaluated by a provider at the Cadet medical clinic. The major side effects of some OTC allergy medications are drowsiness and dehydration, both of which are dangerous in a field/training environment. Cadets concerned about allergies in the field environment should discuss this with the physician during their medical examination at CST.
- 3. Metabolic enhancers, stimulants, and creatine supplements of ANY kind are PROHIBITED and will be stored for the duration of CST. You may bring healthy non-perishable, pre-packaged snacks such as protein bars with you to Fort Knox. There will also be time and facilities available for local purchase.
- 4. All medications must be declared on DA Form 2807-1. Prescription medications will always remain in the Cadet's control.
- 5. Sharing of prescription drugs between individuals is illegal by both state and federal law. Cadets participating in the giving or receiving of prescription medications will be disciplined in accordance with the Uniform Code of Military Justice (UCMJ).
- 6. There is no list of recommended OTC drugs; however, Cadets should bring any OTC drugs they are currently taking with a min of 30-day supply.

Personal belongings. Personal belongings (i.e., rings necklaces) will be secured by cadre to safeguard and protect Cadet's property.
